MONDAY MORNING, NOV. 12.

Legislative Summary.

In the Senate, memorials were presented from citizens of Cocke and Fayette counties, in relation to Merchants' Tax. Bills were introduced by Mr. Rodgers, to provide an annual sum for the support of the Deaf and Dumb Asylum at Knoxville, and by Mr. McFarland, to incorporate the Holston Conference Preachers' Aid Society. The Senate took up the Calendar, and passed through House bills on 1st reading, Senate bills on 2d reading, and various other matters, the details of which will be found in our report. No final business of any moment was done, and the Senate adjourned to 91 oclock, A. M. to day.

In the House, bills were introduced, by Mr. Tompkins, to amend the civil practice in certain cases; by Mr. Kinney, for the benefit of common schools; by Mr. Myatt, to allow \$5 and \$10 instead of \$2 and \$3, respectively, for killing wolves under and over four months old; and by Mr. Campbell, to exempt from taxation sums of money under \$300 loaned at interest. Bills on second reading were acted upon, and pending the consideration of that to increase the jurisdiction of Justices of the Peace, the House adjourned until this morning.

Kansas Affairs.

Reeder's vote at the mock election in Kansas Territory is stated in the Frontier News at 2,-905. The vote given to Whitfield, at the regnlar election ordered by the Legislature, is set down in the same paper at 2,855. In that election Reeder received 37 votes. Whitfield goes before the House of Representatives with a certificate of his election under the seal of the Territory. Reeder has nothing but the action of unauthorized and possibly spurious persons, certifying to the number of votes given to him, and which it was in their power to increase to any number whatever.

The Frontier News has information from Dr. Sommers, of New Market, Va., then on his way to Kansas, in company with several other gentlemen from Virginia; that they were then seeking locations for one thousand persons who propose to emigrate from the Old Do minion this fall. The emigration will be from the Eastern part of the State-60 families from Richmond, 30 from Stanton, 50 from Rappahannock, and the remander from counties adjoining. A large emigration is expected from the Western portion of the State next spring.

The Leavenworth Herald, of last Saturday, notices a sale of lots in Lecompte, the new seat of government. Forty lots were sold, averaging \$172, making in the aggregate \$6,-850. The lowest lot was bid off at \$104-the highest price paid was \$505. It is calculated that 300 buildings will be put up in the next twelve months. From Leavenworth to Lecompton the distance is 35 miles.

The St. Louis Disaster.

The melancholy disaster on the Pacific Rail road continues the chief topic of interest in our St. Louis exchanges. Monday was observed in that city as a day of fasting and prayer. At the First Presbyterian church the funeral services of Rev. Dr. Bullard and others occured. In the Catholic churches high mass was said for the repose of the soul of Thos. O'Sullivan, the Chief Engineer, Henry Choteau and Capt. O'Flaherty.

The Board of Directors of the railroad have appointed a commission to investigate the causes of the accident.

WILD CAT BANKS .- The Memphis Eagle and Enquirer the other day warned its readers against the Agricultural Bank of Tennessee, a private stock concern, chartered two years ago. That paper says the charter has passed out of the hands of the persons to whom it was originally, granted, and is owned by Chicago men.

The people of Illinois are taking ground against these "wild cats." A meeting of the farmers and mechanics of that State was held at Chicago on the 25th ult., to discuss the policy of receiving notes as currency of unsecured banks. The meeting concluded its deliberations by denouncing, in a series of resolutions, this sort of currency, and called on the Governor to lay the subject before the Legislature at an extra session, or at its regular session. In this connection, we learn from sworn statements made by the officers of the Atlanta and Interior Banks, in compliance with the Governor of Georgia's proclamation, that both the Atlanta Bank and the Interior Bank of the State of Georgia, are owned by George Smith, of Chicago, for which locality he uses their currency. Out of 3,000 shares of the Atlanta Bank, with a capital of \$300,000, George Smith owns 2,960 shares, or \$296,000; and out of 5,000 shares of the Interior Bank with a capital of \$500,000, the same George Smith owns 4,930 shares, or \$493,000.

From the Memphis Eagle and Enquirer. GLORIOUS NEWS PROM TEXAS! Evans Elected to Congress!

By a letter to our contemporary, Col. B. F. Dill, of the Appeal, from John Marshall, Esq., editor of the Austin State Gazette, dated Austin, October 24. 1855, we learn, that after all, Evans, (American,) has been elected to Congress in the Eastern District of Texas, over Ward, (Anti.) Mr. Marshall, who is an Anti, says :- "At last, I am sorry to say, it is found that Evans, K. N., of our Eastern District, is elected to Congress," but does not give the exact majority. That he is elected, however, there is no longer any doubt, and this long mooted question is at length put to rest. The contest in Tixas, between Americanism and Foreignism, is a DRAW BATTLE. notwithstanding the fact that more than one fourth of the votes of that State are foreigners. WELL DONE TEXAS

The Plates are very numerous and expensive, all of which will be executed in the best lithographic style for the Magagine.
In adding these new f-atures to the Magazine, the aim of the Editor is, to place within the reach of the Mining and Manufacturing Interests, at a cheap price recent and most valuable information which is of such a costly nature as not

to warrant its re-publication in this country as an indepen-dent enterprise. The price of Possos's work in the French The Magazine also embraces in its pages translations from the German, on the "Dressing of Gres in the Harra Mines," and we have in course of preparation, with all the plates, the most valuable Treatise on Metallurg, by Ksal, two parts of which have been issued in Germany. In its usua mation of Mines, Mining Operations, &c., in every part of

the country.

Karly attention is necessary to secure the series, as we -hall not stereotype, or print more copies of the Mag-sine than are required by subscribers. Address W. J. TENNEY. 98 Broadway, New York.

FARMERS AND STOCK RAISERS. I offer you a Corn and Cob Mill unsurpassed in the Union, and which cannot be superceded by past or fature inventions. It is the very Mill which every Farmer and Stock
Raiser should have; it will crush from S to 10 bushels Corn
and Cob per hour, with one horse; is easily fitted up and
managed; weighs 840 tbs., and as all contact of the grinding
surfaces is prevented, will last any farmer an ordinary lifetime. I speak thus of its durability, because the some
